

RADIANT

ARCHITECTURAL LIGHTING

Radiant Architectural Lighting provides innovative lighting for projects around the world.

For more information about the lighting systems used on this project, or any other solutions from our extensive range, please contact our team by telephone on + 44 (0) 20 8348 9003 or by Email at david@radiantlights.co.uk and we will be happy to discuss your project or arrange a meeting.

Louisa Guinness Gallery, London

Micro Track with Nano Spotlight
Miniature spotlight with UV LED, narrow beam lens and UV filter

Louisa Guinness Gallery, London
Glow by Cora Sheibani
Jewels with Fluorescence

Custom Nano Spotlights fitted with UV LEDs, narrow beam lenses and UV filters were used to illuminate Cora Sheibani's jewellery which feature fluorescent gems and glow under the UV light.

The Ultraviolet fluorescence of the minerals is activated by the light from the spotlights. The spotlights are run at 2 Watts and are mounted on Radiant's Micro Track system.
